

The map illustrates the urban planning of the Tušķu (Ģrīvas) village within the Jelgava novads. Key features include:

- Drainage Canals (Ļūdensvada tīkli):** Indicated by blue lines, showing the network for water management.
- Artesian Wells (Artēziskais urbums):** Marked with a purple triangle icon, showing the location of groundwater extraction points.
- Village Boundary (Ciema robeža):** Delineated by a dashed pink line, defining the extent of the village.
- Geographical Features:** The map shows the village situated near the Tērvete river and the Būriņu mežs (Būriņi forest).
- Infrastructure:** A railway line runs through the area, and various roads are shown connecting the village to surrounding areas like Mazgrīva and Ziedonis.
- Land Use:** The map uses different colors to represent various land uses: green for agricultural or forested areas, yellow for built-up areas, and blue for water bodies.

- **Ūdensvada tīkli**
- **Artēziskais urbums**
- **Ciema robeža**
